Extended Care Health Option (ECHO)

What Services Provided: The Extended Care Health Option (ECHO) is a supplemental program to the basic TRICARE program. ECHO provides financial assistance for an integrated set of services and supplies to eligible active duty family members (including family members of activated National Guard or Reserve members). ECHO provides coverage for the following products and services:

- Applied behavior analysis (ABA)* (includes the Department of Defense Enhanced Access to Autism Services Demonstration) and other services that are not available through schools or other local community resources
- Assistive services (e.g., those from a qualified interpreter or translator)
- Durable equipment, including adaptation and maintenance equipment
- Expanded in-home medical services through TRICARE ECHO Home Health Care (EHHC) (limited to the 50 United States, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands)

Where: TRICARE Extended Care Health Option @ www.tricare.mil/echo
Exceptional Family Member Program Information @ www.militaryhomefront.dod.mil/tf/efmp

When: Apply anytime @ <http://www.tricare.mil/mybenefit/home/overview/SpecialPrograms/ECHO>

Why: The TRICARE® Extended Care Health Option (ECHO) provides services to active duty family members (ADFM)s who qualify based on specific mental or physical disabilities. ECHO offers beneficiaries integrated services and supplies beyond those offered by the basic TRICARE health benefit programs

How: There is no enrollment fee for ECHO, however family members must:

- Have an ECHO-qualifying condition.
- Enroll in the Exceptional Family Member Program (EFMP) as provided by the sponsor's branch of service.
- Register in ECHO through ECHO case managers in each TRICARE region.

Children may remain eligible for ECHO benefits beyond the usual TRICARE eligibility age limit (21 or age 23 if enrolled in college full time) as long as the sponsor remains on active duty, the child is incapable of self-support because of a mental or physical incapacity that occurs before reaching the age limit, and the sponsor is responsible for more than one-half the child's support.

Operation Autism

What Services Provided: Operation Autism is a web-based resource specifically designed and created to support military families that have children with autism. It is the shared product of the vision and energy of the Organization for Autism Research (OAR) and the funding support of the American Legion Child Welfare Foundation. OAR's intent in developing this resource is to:

- Provide military families touched by autism with access to quality, evidence-based information about the disorder,
- Identify sources of treatment and support on and off base,
- Offer tips for dealing with some of the unique challenges military life poses for military dependent children with autism and their families,
- Inform parents about their child's educational rights and offer some practical strategies for success in the classroom,
- Provide a forum where military parents of children with autism can ask questions, share information and ideas, and lend mutual support.

Where: <http://www.operationautismonline.org/>

When: Anytime, anywhere.

Why: Operation Autism directly supports U.S. military families touched by autism and autism spectrum disorders. It serves as an introduction to autism, a guide for the life journey with autism, and a ready reference for available resources, services, and support.
