CARE Hawaii

CARE was founded in 1999 to provide outpatient mental health services to Hawaii's children, adolescents and adults through a network of mental health professionals committed to best practices in service delivery.

Children's Services

Children's services are provided to youth identified as in need of mental health services in order to benefit from their educational experience.

Adult Services

Adult services are provided for individuals with serious mental illness including schizophrenia, bi-polar illnesses, depression and dual-diagnosis disorders.

Addiction Services

CARE Hawaii provides an intensive outpatient treatment program for individuals having a chemical dependency

CARE Hawaii provides both Medicaid Waiver & Non-waiver services for any participant who meets Developmental Disability criteria.

Pacific Autism Center Inc. (PAC),

Contact Information:

670 Auahi Street, Suite A-6

Honolulu, HI 96813

(808) 523-8188 (Main Phone)

Laura Cook, CEO and President

Fax: (808) 523-1687

E-Mail address: inquire@pacifiautismcenter.com

Pacific Autism Center Inc. (PAC), based in Honolulu, Hawaii, formally opened in November 2004. In September, 2006, we opened our first international center in Tokyo, Japan. We provide an array of services within our centers and the homes of our clients both in Hawaii and in Asia.

We have an experienced team that has been providing intensive educational and therapeutic support services over many years in the autism community both in Hawaii and in other areas throughout the US. We work primarily with parents privately who seek a high quality alternative to placement and programs they are offered within their home schools.

Pacific Autism Center currently has a contract with the Department of Health and can offer services to children up to 3 years of age through this contract. Pacific Autism Center is an assembly of quality providers who share the same vision of creating a center that specializes in autism. We believe in providing a facility that offers the ability to implement high quality ABA services with superior supervision.

HAPA has relocated to a new area at Kailua Beach Park due to extensive sand erosion and for the safety and convenience of our participants. We will be on the Kailua side of the canal in front of the concession stand.

Parking is available in the lot behind Kalapawai Market (access from Kailua Road, the street adjacent to Kalapawai).

The Hawai'i Adaptive Paddling Association is a non-profit organization that involves physically, mentally and emotionally challenged individuals in the sport of Hawaiian outrigger canoe paddling.

The primary work of the Hawai'i Adaptive Paddling Association supports a monthly recreational program, which allows participants the opportunity to experience a day at the beach in a safe, controlled and fun environment. Our trained volunteers provide a nurturing experience so that our participants can reap the benefits of the canoe and ocean. With an emphasis on safety, volunteers guide our participants through basic paddling skills so they can feel a part of the overall experience. Many of our paddlers volunteered and trained for years with the Project Pure Light program, and have been instrumental in developing and training new programs that have benefited neighbor island participants and visitors from the mainland.

Hawai'i Adaptive Paddling Association also supports a successful competitive racing team comprised of world class athletes. The team has participated in international competitions, and their efforts shine a spotlight on adaptive paddling and what can be achieved.

Assistive Technology/Device Resources

Assistive Technology Resource Centers of Hawaii

About:

ATRC is a nonprofit whose mission is to link people with technology and empower individuals through its use. ATRC is also the State of Hawaii's designated Assistive Technology Act agency.

Autism Specific Information/Support

Autism Society of Hawaii

About:

The Autism Society of Hawaii is a 501(c)(3) organization serving families and individuals touched by autism and autism spectrum disorders. We are the Hawaii chapter of the National Autism Society headquartered in Bethesda, Maryland.

The Autism Society of Hawaii was re-established in 1992 as a chapter affiliate of the Autism Society of America. The Society is composed of family members, individuals with autism spectrum disorders, professionals and community agencies and organizations.

Services:

The Autism Society of Hawaii is committed to educating service providers and the community about autism spectrum disorders, as well as advocating for and supporting individuals with autism spectrum disorders and their families.

Eligibility:

Individuals with ASD and their families

Address:

210 Ward Ave. #219B
Honolulu, HI 96814

About:

The Hawaii Autism Foundation (HAF) educates and helps Hawaii families find and fund treatments for Autism Spectrum Disorders (ASD) and develop resources that will assure our children have the tools and transitional support they need to reach their full potential and thrive as adults.

Services:

- Hawaii Autism Foundation funds programs for people diagnosed with autism and their Ohana here in our lovely islands.
- HAF proactively sparks collaborative program development and accepts requests from non-profits looking to increase their effectiveness for the autism community.
- We are dedicated to working with current non-profits and service providers to help increase their capacity to address underserved needs.
- HAF does not independently run programs. We do not replicate or compete with social service providers; we partner with and strengthen them.

Hawaii Equine Assisted Reflection & Therapy (HEART)

About:

Heart Horses is a unique therapy program for youth, adults, families, and groups that incorporates horses for growth, learning, and healing utilizing the PATH therapeutic riding model and the EAGALA Equine Assisted Therapy model. We offer unforgettable interactive experiences with our horses at the picturesque Sunset Ranch on the North Shore of Oahu. Our programs for therapeutic riding, psychotherapy, learning, team building, and life coaching are experiential, meaning that our clients will engage in activities with the horses and experience a positive change that will last.

Services:

Equine Assisted Psychotherapy (EAP): a powerful and effective therapeutic approach that has an incredible impact on individuals, youth, families, and groups. The treatment team works together to see where the client is at in their treatment plan and creates activities that best address their treatment goals. EAP is an alternative to traditional therapy and great for those who have been “stuck” or who may feel disconnected. Because it is so effective it is considered a brief approach to therapy.

Eligibility:

Those with a variety of mental health and human development needs including: behavioral issues, attention deficit disorder, Autism and Asperger’s Syndrome, PTSD, trauma, grief and loss, substance abuse, depression, anxiety, life transitions, relationship issues and communication needs

Sounding Joy Music Therapy

About:

Our mission ... is to enhance public awareness of benefits of music therapy, to increase accessibility to music therapy services, and to advance music therapy research, in order to improve quality of life through therapeutic uses of music. We believe the power of music can transform people's lives significantly.

Services:

Sounding Joy's Direct Services include music therapy consultation, assessment, treatment, planning, evaluation, and individual/group sessions conducted by Board Certified Music Therapists (MT-BC's). These services are available to anyone, but people with disabilities receive priority. Music therapy sessions can be offered either individually or in group, according to the client's needs.

Therapeutic Horsemanship of Hawaii

About:

Therapeutic Horsemanship of Hawaii is a PATH Premier Accredited Center offering therapeutic riding and regular riding lessons since 1983. THH is a 501(c)3 not-for-profit organization. Our goal is to improve the minds and bodies of our riders using horses as therapy tools. We specialize in physically or mentally disabled children and adults, but provide instruction to riders of any ability.

Services:

Sessions are weekly, for either an hour or a half hour. Riders will learn to groom, saddle and ride to their ability. Our sessions are focused on physical and emotional development. Riders will perform activities during the session to utilize various muscle groups, stimulate learning, learn to ride and have FUN!

HILOPA'A

Family to Family Health Information Center

Hilopa'a Family to Family Health Information Center

About:

As a parent or a caregiver of someone with special health care needs, you are often the *ho'okele* or steersman navigating through the health care system. Often times, there's no map to help you figure out your next step. The Hilopa'a F2FHIC is here to help you. We are staffed by "veteran moms" who are prepared to give you the *kokua* you need to guide your family's canoe through the sometimes turbulent waters to good health.

Services:

The Hilopa'a Family to Family Health Information Center is your one-stop for information and referral, technical assistance and training. This Center is staffed by parents and friends of children with special health care needs. We provide free, confidential assistance to families raising children and youth with special health needs, self-advocates and the professionals who serve them.

Eligibility:

Families of children with special health needs including ASD individuals and their families

Autism Bridges Maui

About:

Autism Bridges Maui is a non-profit originally started among parents of children with autism nearly 15 years ago. The founders started a support group meeting informally at homes and parks in order to share stories and provide support to each other. From this tiny support group grew a need to provide more services and awareness to the larger community of Maui, and the non-profit, Autism Bridges Maui was born.

Services:

Autism Bridges Maui is a child and family centered, grass-roots organization that supports a wide array of services that develop the full potential and improve the quality of life for individuals with autism, pervasive developmental disorders, and neurological developmental disorders through their life span

Eligibility:

ASD families
