Nationwide Services:**Refugee Resettlement and Employment**

USCRI provides refugees and immigrants across the United States with the support, services and opportunities they need to rebuild their lives and enrich their communities. USCRI works through a nationwide network of partner agencies, community-based organizations, state and local governments, and private sector enterprises to provide refugees and immigrants with an array of essential services. USCRI works alongside our clients to make sure that they keep taking the next step towards their successful integration and active participation in the United States.

Refugee Rights

Our International Programs defend the rights of refugees and asylum-seekers worldwide. Since 2004, USCRI has led a growing coalition of hundreds of NGOs to end refugee warehousing, a practice that confines refugees to remote camps, depriving them of their right to work, live, and move about freely.

Child Migrants

USCRI established the National Center for Refugee and Immigrant Children in 2005 with support from UNHCR Goodwill Ambassador Angelina Jolie and the American Immigration Lawyers Association. Since 2005, we have recruited and trained lawyers, provided children with free legal services, matched children with pro bono representation, and referred children to free health and social service providers.
